DIMENSIONS (mm)								

A modern office lounge area featuring a curved, perforated metal ceiling and large windows overlooking a city skyline. The seating consists of red upholstered sofas and armchairs arranged around a small white table. Grey fabric partitions separate the seating areas. A potted plant is visible on the left, and a laptop and coffee cup are on the table. The floor is made of dark wood.

SIMOOM SPACES

SIMOOM SPACES

The Simoom range of modular seating provides an opportunity to create a versatile workspace for the modern office. With a variety of low and high-backed options to form both open plan, collaborative areas and individual private spaces.

INFORMATION

ORDERING PROCEDURE

Orders must be placed in writing. Please include part number, fabric choice and any optional extras. Please ensure all required details are shown clearly to eliminate any error or omissions. Air Seating cannot be held responsible for customer errors or omissions.

DELIVERY CHARGES

All orders will be delivered free of charge to distributor premises or designated goods area, excluding Scotland and Central London, contact Sales Office for quotation. Please contact the Sales Office for direct delivery charges.

DIRECT DELIVERIES

Delivery of orders can be made direct to the distributors customer. A surcharge may be made, please contact Sales Office to confirm. Deliveries are normally made using Air Seating vehicles, please note in cases of direct delivery Air Seating require the distributor to supply manpower to help off loading the product.

CANCELLATION

We regret that we are unable to accept cancellation of orders except on terms which will indemnify us against loss.

DELIVERY LEAD TIME

Air Seating will at all times endeavour to deliver to quoted lead times. However the lead time is an estimate and under no circumstances will Air Seating be liable for loss due to delayed deliveries.

SAMPLE CHAIRS

All sample chairs supplied will be invoiced on delivery. Providing the chair is returned within 14 days in perfect condition a full credit note will be raised. Any sample chair that requires a specific fabric or specification please contact the Sales Office.

TERMS OF PAYMENT

Invoices are due for payment 30 days EOM from the date of delivery. All goods remain the property of Air Seating until they have been paid for in full.

PRODUCT GUARANTEE

All Air Seating products provide a 5 year guarantee for chairs in normal 8 hour office use. The guarantee on fabrics is according to the supplier's guarantee and recommended cleaning instructions to be followed. Mesh fabric is guaranteed for 2 years. Where chairs are used on a continuous 24 hour basis a 2 years guarantee is provided.

GREEN AIR

As well as improving our well-being, trees play an important role in dispersing and removing pollutants such as carbon dioxide (CO₂), nitrogen dioxide (NO₂) and particulate matter (PM) from the atmosphere. This has benefits both locally and globally.

From the Amazon rainforests to Europe's ancient woodlands, trees help slow the march of climate change by taking CO₂ for photosynthesis. Globally, forests may absorb and store as much as 30% of the carbon emissions from human activities; burning or clearing releases the stored carbon back into the atmosphere.

At AIR Seating, we are on a journey to be the best we can be for the world around us. Our aim to reduce our impact on the environment began from day one with our first objective to source our materials and componentry from UK suppliers wherever possible, allowing us a low carbon footprint to begin with.

Continuing to improve and grow we achieved BS EN ISO14001 in 2010. This milestone underscored our continuous efforts to reduce our ecological impact locally and globally. 2023 was another giant step forward with our FSC® certification. The Forest Stewardship Council® is an international, non-governmental organisation dedicated to promoting responsible management of the world's forests. Since its foundation in 1994, FSC has grown to become the world's most respected and widespread forest certification system.

We are dedicated to exploring environmentally friendly practices and are always searching for better, cleaner, and greener ways to operate.
